

Welcome to the **Boba Tea Tales Legacy Challenge** written by me (Malixa) and my Twitch community (Boba Buddies)!

We decided to create our own legacy one day as a community effort and so the BTT Legacy was born. This legacy is meant to give you new ideas for storylines and introduce you to new gameplay that you never really thought about doing yourself.

Remember that this challenge isn't meant to restrict you entirely. You are allowed to make some changes to the rules to fit your gameplay. It's all about having fun!

General Rules

1. Each generation will represent 1-3 colors. You must **dress up** your sim and **decorate** their houses in their color theme. **OPTIONAL:** match their hair color and eye color to the theme colors.
2. **Complete** each given **skill, career, and aspiration** unless the goals state otherwise.
3. **Starting budget:** 1k-20k simoleons (you decide your amount!)
4. Play on **whatever lifespan** YOU feel comfortable playing on.
5. No money cheats unless stated otherwise!
6. If you roll a topping that gives you twins or triplets, you ARE allowed to cheat for them so your sim is guaranteed to have twins or triplets.
7. If you decide to play this challenge, please tag me on any of my social medias (<https://beacons.ai/malixa>) or tag **#btt** or **#bobateatales**! I'd love to see what your sims are up to. :)

Toppings

Topping Wheel Spin: <https://spinthewheel.app/5HZOEgcH4o>

- If a topping conflicts with an existing trait, reroll for a different topping.
- You can choose to have more kids, but you must meet the minimum amount you rolled. (Example: if you roll twins, you need to have those twins first before adding more.)
- If you want the extra challenge, you must have the exact amount of kids you rolled. No more, no less.
