

How to Get Any promo code quickly and easily using your mobile phone.

This is only working guide, **PLEASE READ everything** so you can safely get unlimited coupon codes!

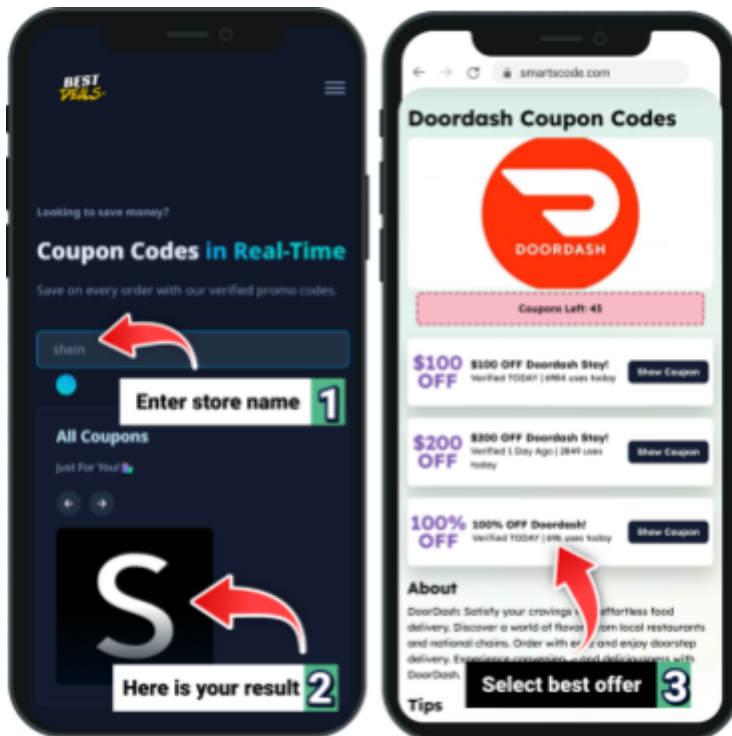

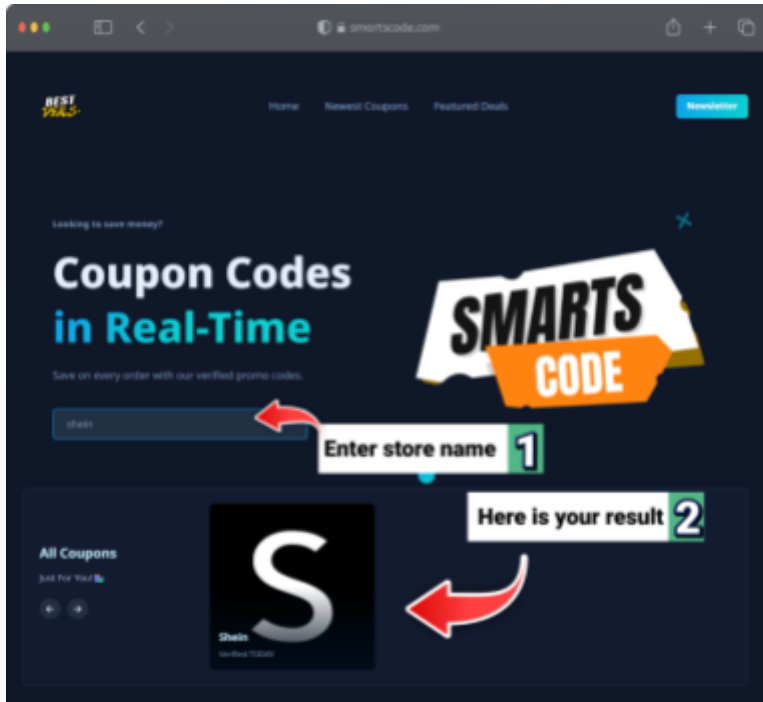

Step 1 - Open your safari browser on iphone , if your on android use google chrome or whatever you prefer

Go to:

smartscode.com

Step 2 - Once it loads, choose your store are looking codes for and click “Show Coupon” button.

Step 3 - Then you will come to sponsored part, all my guides are free and to keep them free you need to do 2 ads/offers. They are really easy like installing a game and reaching some level in the game or to do a survey etc.

Step 4 - If you did ads correctly your codes will be unlock.

SUPPORT

If you are not redirected to the guide after doing ads, try to do another one.

**Make sure to use your mobile device,
as this won't work on a PC. Hurry, these
codes are limited!**

**Keep in mind that these codes are
limited, so you'll need to unlock your
personal code. This step prevents
others from stealing the codes.**
