SL: Reverse Marketing = \$20k/mo

If you're putting hundreds of hours into marketing

Spending hours on researches and learning every single day

Eager for being successful and to wake up whenever you want, wherever you want with whoever you want

Then today...

Anton, one of my students, did the same thing for six years. He learned a lot, but it got him feeling stuck, depressed, and full of self-doubt.

Today he's making 20k a month using what i taught to him

After all this time,

I was still Wondering what are keys for success and how did successful people do

I felt like a lost sailor in the vast sea of ignorance, realizing how little I truly know.

Just 2 weeks after I paid an entrepreneur to be my mentor

I was so proud of myself that I cried all night, it was satisfaction tears

Thinking about how would it be if i didn't have a mentor

He provided me a step to step plan

Showed me Guidance like a parent steering a toddler's first steps

Showed me that nearly everything I learned online was not even 5% of what i should know to earn money online

Learning from my mentor,

I realized that almost everything I picked up online was barely scratching the surface...

It was like knowing only the basics of swimming but trying to cross an ocean 😂

In just two months, I was making \$7K a month.

Now, I'm at \$20K a month,

And I often think back to the day I chose to take action and get a mentor.
