Google Slides Desktop Publishing Signs

Use Google Slides to create employee or customer signs for your restaurant. Using C.R.A.P. design and the tips we covered in class, create two or more signs.

Requirements & Self Assessment:

Self-assess your project using the rubric below. Meet with me to discuss your self-assessment and show me your finished project. Send me your signs on Google Classroom.

Criteria (or Standard)	1	2	3	4	Feedback/Reflection
Did you create at least two signs? Are they creative?					
How well did you use C.R.A.P. design?					
Did you use at least one design skill covered in class?					
How well did you use images/media? No copyright images.					

1 = standard not met (low points); **2** = standard partially met (reduced points); **3** = standard met (few reduced points); **4** = exceeds expectations (full points) ✓
