July 8-9 Peoples' Senate/Spirit of Mandela Northeast Regional Weekend

Genocide's not about to stop itself.

The Peoples' Senate is an historic initiative to put decision-making in the hands of the people through coordinated strategic action. Sponsored by the Spirit of Mandela Coalition, which organized the October 2021 International Tribunal that found the USA "Guilty of Genocide" against Black, Brown, and Indigenous people, the Peoples' Senate project is focused on building with those who are doing the work to counter the genocidal onslaught of environmental racism, hyperincarceration, medical apartheid, police terror, political imprisonment, and other repressive policies. It's an attempt to develop a structure whereby the organized population of the USA can build a future in which they truly govern themselves, absent white supremacy, absent capitalist exploitation, absent imperialism, absent patriarchy and the colonization of people and resources throughout the world.

The peoples' Senate welcomes and encourages participation from individuals and grassroots organizations including activist, progressive, and revolutionary organizations; workers, women, youth; environmental and health-care advocates; academics and professionals; religious and community-based organizations and more.

Join us in NYC on July 8-9 for a Peoples' Senate Northeast weekend of connecting, barbecuing and building alternatives to the genocide-for-profit mode of governance masquerading as "democracy" in the US & its territories. If you're interested in helping to create this counter-genocidal network in the Northeast Region of Connecticut, New Jersey, New York, and Pennsylvania, link with us at 36 Avenue C on the Lower East Side on Saturday July 8 at 1pm for art, music & poetry; then 309 Park Place in Brooklyn for barbecuing from 4-8pm. On Sunday, July 9, we'll meet at 113 West 128th Street, Manhattan, 1 pm, for a discussion on building Peoples' Senate work in this region and how you & your organization can participate.
