

MHS CLUBS & ENRICHMENTS

2024-2025

MUSE Online Literary Magazine

Muse Online Literary Magazine club is really two clubs in one. Our main product is the online literary magazine. During the school year we aim to publish two editions, fall and spring. We solicit work from the student body that includes writing (short stories, poetry), music, and art (paintings, photography, sculpture, etc.). When we're not reaching out to students and classes for work to add to the current edition, we simply chat and share the work we've been producing (writing, art, music, etc.). Work tends to get heavier near the end of each semester when we edit and put together that season's edition. Contributors and Editors welcome!
