

Love Vigilantes

A
I've just come
D
From the land of the sun
E7
From a war that must be won
A
In the name of truth

A
With our soldiers so brave,
D
Your freedom we will save
E7
With our rifles and grenades
A
And some help from God

[CHORUS]

A
I want to see my family
D
My wife and child waiting for me
E7
I've got to go home, I've been so alone,
A
You see

You just cannot believe
The joy I did receive
When I finally got my leave
And I was going home

I flew through the sky
My convictions could not lie
For my country I would die
And I would see her soon

I want to see my family
My wife and child waiting for me
I've got to go home, I've been so alone,
You see

[Intro Ukulele Picking Part]

When I walked through the door
My wife she laid upon the floor
And with tears her eyes were sore,
I did not know why

Then I looked into her hand
And I saw the telegram
It said that I was a brave, brave man
But that I was dead

I want to see my family
My wife and child waiting for me
I've got to go home, I've been so alone,
You see
