

Petoskey High School Student Parking Registration Form

\$10.00 each

The following regulations regarding the operation of motor vehicles must be strictly followed. Any violation could result in revocation of the privilege to operate a motor vehicle on school premises.

1. Only vehicles bearing a current Petoskey High School registration sticker may be operated by students on school property. The vehicle registration sheet must be completed and signed by the student and returned to the high school office. Any misrepresentation made by a student on this document will result in disciplinary action and/or revocation of parking privileges.
2. Parking registration stickers must be renewed, annually. Parking stickers from prior years will be considered expired, and vehicles will be subject to warning and/or citation.
3. There are two sticker designations. 12th grade students may purchase a **Senior Lot** registration sticker and vehicles may be parked in the **designated Senior Parking Lot**. Underclassmen may purchase an **Underclassmen Parking Lot** registration sticker and must park in **designated underclassmen parking** areas. Vehicles parked in a student-designated area without a permit or parked in an unauthorized area may be warned and/or ticketed.
4. All student parking is on the North side of Petoskey High School, in designated lots/spaces. **Student vehicles may not be parked in visitor parking**, nor on the South side of the building, in the Northmen Stadium lot, or the adjacent lots near the automotive shop/classroom.
5. Students are to operate their vehicles in a safe and careful manner at all times. Violations such as speeding, careless or reckless use of the vehicle in any way, or violation of any state or local ordinance, could result in revocation of the student's driving privilege on school property. Police referrals will be made when appropriate.
6. The school retains authority to conduct routine patrols of school property and inspection of the exteriors of student vehicles on school property. The interiors of student vehicles may be inspected whenever a school district authority has reasonable suspicion to believe that illegal or unauthorized material(s) is contained inside said vehicle.
