Point CounterPoint Packing List

Recommended Baggage:

Cabin space is limited. A closable box or suitcase that can be easily accessed and organized is best. A laundry basket for music belongings and footwear is very helpful. The luggage should be 19' high maximum to fit under the bunks.

We will need to work together at camp to take extra care that we are keeping our belongings compact and organized. Think about what you need to label (for example, toothpaste, sunscreen, bug spray, etc). Please keep this in mind when packing and planning for camp!

Try to pack layers of clothing thereby being prepared for hot or cold weather. Vermont can be chilly in the morning or at night. Long sleeves and long pants are good protection against mosquitoes.

Laundry:

We will have a laundry service on the **second Monday** of each session. Please bring payment in the form of a check/cash **at the end of the session**. Checks should be made payable to 'Point CounterPoint'.

PCP Swag:

Campers will be able to pick out various types of SWAG for sale while at camp.

Please bring payment in the form of a check or exact cash at check-in on Sunday pick-up to cover the order. Checks should be made payable to 'Point CounterPoint'.

Notes:

* Medication should exactly correlate to what you have told us on the medical form.

** Please make sure the water bottles are clearly labeled with the camper's name. The bigger the bottle the better! A bigger water bottle means less time spent waiting in line to fill it up and more time for activities!

*** Have one personal sanitizer to keep in your instrument case and one to keep on your person.

**** **We are 100% unplugged at camp.** No electronics are permissible at camp.

*******If you are flying and do not have the space to pack bedding, PCP can provide this for you for \$25. Just request this ahead of time via email, please.**
