

# Privacy Policy

Last Updated: March 15, 2026

Welcome to **BibleScan: For Protestants** (hereinafter referred to as “the App”). **Byering Technology Co., Ltd., Hangzhou** (hereinafter “we,” “us,” or “our”) takes your privacy seriously. This Privacy Policy explains how we collect, use, store, and protect your personal information. Please read this policy carefully before using the App.

## 1. Information We Collect

### 1.1 Information You Provide

**Account Information:** When you register, we may collect your phone number and email address.

**Third-Party Login Information:** If you use Apple, Google, or Facebook login, we receive basic information authorized by these platforms, such as your name and profile picture.

**User Content:** Text, images, audio, or other content you create or upload in the App.

### 1.2 Information Automatically Collected

**Device Information:** Device model, operating system version, screen resolution, device identifiers, and other technical device information necessary to provide services, maintain security, and support analytics.

**Network Information:** IP address, network type, and approximate location information derived from network data, which may be used for security, analytics, and service optimization purposes.

**App Usage Data:** App version, feature usage, crash reports, performance logs, operation records, and related diagnostic data.

To support app analytics, anti-fraud, performance monitoring, and troubleshooting, we may also collect or receive certain technical information through integrated third-party SDKs and service providers, including but not limited to device identifiers, IP address, crash logs, usage behavior data, and related diagnostic information, as described in this Policy.

### 1.3 Permissions

The App may request the following permissions:

**Camera:** To take photos or record videos.

**Microphone:** To record audio.

**Photos/Media Library:** To select and save images.

**Storage:** To cache data and store files.

**Network:** To enable online functionality and data synchronization.

You may choose which permissions to grant. Some features may be limited if permissions are denied.

---

## 2. How We Use Your Information

We use the information we collect to:

Provide, maintain, and improve the App and its services.

Create and manage your account.

Respond to your requests and feedback.

Send service notifications and updates.

Conduct analytics and statistical analysis to improve product performance and user experience.

Monitor app stability, identify crashes, troubleshoot errors, and optimize service quality.

Ensure app security, prevent fraud, and protect the integrity of our services.

---

## 3. Sharing of Information

We do not sell your personal information. We may share your information only in the following cases:

**With Your Consent:** When you explicitly authorize sharing with third parties.

**Service Providers:** With trusted third-party service providers who help operate the App, such as cloud service providers, analytics providers, login service providers, and payment processors. These providers may process limited information on our behalf and are subject to contractual, confidentiality, and security obligations.

**Legal Requirements:** To comply with laws, regulations, legal processes, or government requests.

**Protection of Rights:** To protect the rights, property, or safety of the App, our users, or the public.

---

## 4. Storage and Security

### 4.1 Storage

Your data is stored on secure servers.

We retain your information only for as long as necessary to fulfill the purposes described in this Policy, unless a longer retention period is required by law.

When you delete your account, your personal information will be deleted or anonymized within a reasonable timeframe.

For certain diagnostic and operational logs collected through our cloud service providers, we may retain such logs for a limited period for security analysis, performance monitoring, and troubleshooting. For example, logs processed through **Alibaba Cloud Log Service (SLS)** may be retained for up to **60 days** and then automatically deleted, unless a longer period is required by law or necessary for resolving ongoing security or service issues.

## 4.2 Security Measures

SSL/TLS encryption for data transmission.  
Access controls and authentication mechanisms.  
Regular security audits and vulnerability checks.  
Encryption of sensitive data at rest where applicable.

---

## 5. Your Rights

You have the following rights regarding your personal information:

**Access:** View the information we hold about you.

**Correction:** Correct inaccurate or incomplete information.

**Deletion:** Request deletion of your personal data.

**Withdraw Consent:** Revoke previously given consent, where processing is based on consent.

**Data Portability:** Receive a copy of your data in a structured, commonly used format, where applicable.

To exercise these rights, please contact us using the information at the end of this Policy. We will respond within a reasonable timeframe in accordance with applicable law.

---

## 6. Third-Party Services

The App may integrate or link to third-party services, including:

Apple Login

Google Login

Facebook Login

In-App Purchase Services

Umeng+ SDK

Alibaba Cloud Log Service (SLS)

These third-party services may collect and process certain information in accordance with their own privacy policies and service terms. We encourage you to review their policies carefully.

### **Umeng+ SDK:**

We integrate the **Umeng+ SDK** for analytics, reporting accuracy, and basic anti-fraud

capabilities. In connection with these functions, Umeng+ may collect information such as your device MAC address, device identifiers and related technical information, including **IMEI, Android ID, IDFA, OPENUDID, GUID, IP address, and SIM IMSI information**, as applicable to your device and operating system environment. Umeng+ may also use geographic location-related information derived from network or device data to improve the accuracy of analytics reports and support basic anti-fraud functions.

**Alibaba Cloud Log Service (SLS):**

We use **Alibaba Cloud Log Service (SLS)** for application performance monitoring, user experience analysis, security analysis, and troubleshooting. In connection with these functions, we may collect and process device information, operation records, performance data, and crash logs, and store such data on Alibaba Cloud servers for product optimization, service stability, and fault diagnosis.

---

## **7. Children’s Privacy**

The App is not intended for children under the age of 13. We do not knowingly collect personal information from children under 13. If we become aware that such information has been collected, we will delete it promptly. Parents or guardians who believe their child has provided personal information may contact us to request deletion.

---

## **8. Updates to This Privacy Policy**

We may update this Privacy Policy from time to time. Updated versions will be posted in the App with the revised “Last Updated” date. For material changes, we may provide notice through in-app notifications or other appropriate means.

---

## **9. iOS App Tracking Transparency (ATT)**

In accordance with Apple requirements, the App will request your permission before tracking your activity across other companies’ apps and websites where such tracking is applicable. You can change this permission at any time in your device settings. Declining permission will not affect the core functionality of the App.

---

## **10. Contact Us**

If you have any questions, comments, or concerns about this Privacy Policy, please contact us at:
