What is Home To Home™

Home To Home™ is an interactive platform created to help families, people, and pets with the difficult task of transitioning their pets from one home to another. Often pets are taken to shelters when keeping a pet is no longer possible, even when a pet parent needs a temporary home for their pets. Home To Home™ believes that pets should avoid a stay in an animal shelter and should instead be welcomed into loving homes.

How It Works

The Home To Home™ platform was built with rehoming, adoption, and fostering components wrapped in an easy-to-use online administration system. Access to reporting, a database of registrants, and messaging capabilities allow our system to be quickly implemented and used effectively to create positive outcomes that include temporary fostering and adoption.

Fostering with Home To Home™

Home To Home™ can help you increase the success of your shelter's foster program in the following ways:

- **Post Foster Pets Online** - Home To Home™ provides a platform for your shelter or rescue fosters to post their foster pets to your shelter's Home To Home™ profile.
- **List Important Details** - Fosters can write an informative bio on an animal's personality and behavior in a home environment instead of the often stressful shelter environment.
- **Approve, Deny, and Edit** - Your chosen administrator can edit/view the pet profile before it goes live. You can add any adoption or service details to the pet profile at any time.
- **Community Engagement** - Peer-To-Peer Fostering allows community members who seek a temporary home for their pets to post their needs, informing other community members who can foster their pets.
- **Emergency and Disaster Management** - Your Home To Home™ profile can help keep pets in homes and out of the shelter during an emergency or disaster using the fostering module.

Our Reach

Our organization works with shelters throughout North America to reduce owner surrender intake, decrease shelter euthanasia, improve rehoming in their community, and provide a platform that helps shelters be more engaged with their community.

Home To Home™ helps rehome and foster thousands of animals a month. Our partners include Maddie's Fund, the ASPCA, Fear Free, HAAS, Bissell Foundation, and the Lazin Foundation.
