Examen final: semestre uno español 3-4 2016-2017

- ❑ The final exam will be worth **100 points** total; there will be no oral component this semester. The exam consists of **three parts**:
 1. Multiple choice questions
 2. Reading comprehension questions: You will read some short selections in Spanish and then answer questions related to the reading.
 3. Writing prompt: You will be given three choices of prompts and you will choose ONE to answer in about 45-50 words.
- ❑ The multiple choice part of the exam will cover the topics listed **BELOW** from **chapters 7-8** in your green texto "Aventura" ([online](#) version) as well as the topics covered in your [APUNTES](#) de la clase. Please note that the topics are in **DESCENDING ORDER OF IMPORTANCE** on the exam. This means that there will be many more questions regarding "pretérito -AR" than the concept of "-dor/-ista." This may be useful to you in prioritizing how much time to spend studying each topic.
 1. [pretérito –AR](#): p. 334 (only regular -AR verbs in pretérito will be on the final exam + [-CAR/-GAR/-ZAR verbs](#) in the pretérito)
 2. [Direct object pronouns](#): p.284 + [where they go in the sentence](#)
 3. [Indirect object pronouns](#) + ["verbs like gustar"](#): p.323 (*you also DO need to know the meaning of all of the "verbos como gustar" from the list*).
 4. [presente progresivo \(-ando/-iendo\)](#): p.282
 5. [using presente progresivo + DOPs](#): p.285
 6. [verbos with irregular "yo" forms in the present](#) (apuntes [pt. I](#) y [pt. II](#)): p. 296 (*ALL verbs from the "Irregular Yo's" song may be on the final).
 7. [stem changing verbs o-ue / u-ue](#): p. 274 (poder, costar, recordar, volver, jugar, dormir)
 8. Ordinal numbers (first, second, third, etc.): p.304
 9. -dor/-ista: p.302
- ❑ The exam will also cover **all vocab** from the **Aventura 1 textbook** chapters: ch. **7A** (p.289), ~~7B~~ (weather, p.309), **8A** (p.337), & **8B** (p.355). You may also find all that vocabulary on Conjuguemos.
- ❑ You will also be responsible for knowing **all of the vocabulary** found on all of the

conjuguemos activities listed under the “Student Zone”; though some vocabulary will be in a distinct “section,” much of it you will simply need to know in the context of the questions on the test. You can print **new copies** of any vocab on www.conjuguemos.com; log-in and on the main page you see when you log in (“Student Zone”), **click on the activity** that has the words you need (for example “Aventura 1: 7B”) and then under “**Printables/Reference**,” click “Vocabulary List.” ***REMEMBER: ALL VOCABULARY IN ANY ACTIVITIES FOUND IN THE STUDENT ZONE MAY APPEAR ANYWHERE ON THE FINAL EXAM.**

- ❑ Parte Escrita: You will need to write 45-50 words about one of the following topics. A good way to prep would be to practice your present tense verb endings + the vocabulary associated with the topic (for example on conjuguemos):
- Ordinal numbers (First, second, third, etc.; you could write about any topic in the present tense and would need to use a minimum number of “ordinal numbers.”)
 - Los quehaceres (chores)
 - Tus pasatiempos favoritos (your favorite past times) and/or your likes and dislikes
 - What people in the class (or your family, or any other group) are doing right now, at the moment (using the presente progresivo)
