Hi: Those of you on the Exopolitics.org mailing list probably
got the
same strange e-mail I got yesterday. Here it is, in it's
entirety,
copied and pasted below.

My take on this, for whatever it's worth, is that although the
message is very much in keeping with what I would expect the ET
position to be, I remain skeptical as to the origin of the
e-mail. I
don't really object to the e-mail, but until I can somehow be
convinced this is actually of ET origin, I don't think I'll be
forwarding this message to anyone other than the DP group for
discussion.

You and I have been hoping and praying for a peaceful
Disclosure for

years now. I rather doubt an e-mail forward of highly questionable origin would prompt others to join us in our in those prayers.

Yours,

Subj: [exopolitics-updates] Message Received: Do You Wish That We Show Up?

Warm Greetings All!

The recent solar flare activity and CME ejections that hit the earth have certainly directed our attention towards celestial phenomena lately which is a sure sign that we have entered a remarkable period of earth history. Aside from the CME, something else got my attention recently. I received a forwarded copy of a message (posted below) on November 2, 2003. There is no way of confirming who the author of the message was and it has been reportedly posted on the internet over the last two weeks. Despite some strange grammatical expressions, it is very clear, coherent, politically sophisticated, and very consistent with my own research of the extraterrestrial presence and its political implications (see www.exopolitics.org).

The email message claimed to originate from an unknown group of extraterrestrials that wanted to ask global humanity the simple yet profound question "Do You Wish That We Show Up?" If genuine, the question carries with it deep political implications that deserve in-depth discussion. Perhaps, more importantly, it implies that global citizenry at the grass roots individual level has the power to make decisions that affects all humanity and apparently bypasses the conventional political process that is mired in the politics of

secrecy, inertia and non-disclosure of the extraterrestrial presence.
The message could be a forgery, disinformation or, perhaps, the real thing!

The content of the message is very much what one would expect of a 'service oriented' extraterrestrial race desiring to assist global humanity, but frustrated at the pace by which humanity is given the truth about the extraterrestrial presence. With the global reach of the internet, such a message would be precisely the strategy that enabled service-oriented extraterrestrials to get their message to a wide audience. My conclusion is that this is very possibly a genuine contact message from a group of benevolent extraterrestrials that desire to prod humanity along in dealing with the seriousness of our global situation and the undisclosed presence of extraterrestrial races. Irrespective of its origins and veracity, the message brings into focus some critical questions for all interested in the extraterrestrial presence. Are we ready for contact with extraterrestrial races? What can be done to prepare for contact? What will be the impact of contact on our society, religions, economies and political institutions?

I have copied the message below without any changes. Please read and carefully consider. This could well be the most important message we could ever hope to receive at precisely the time when global governments seem most intent on following hidden agendas, and ignoring their citizens needs.

I have created a Yahoo discussion forum for those desiring to share information on this message and how to 'Prepare for Contact' more generally. You are invited to join this forum at:

CHANGE THE WORLD!
"DECIDE WHETHER WE SHOULD SHOW UP!"

Whoever transmitted this translated message to you is irrelevant, and should remain anonymous in your mind. It is what you will do with this message which matters !

Each one of you wishes to exercise her/his free will and experience happiness.

These are attributes that were shown to us and to which we now have access. Your free will depends upon the knowledge you have of your own power. Your happiness depends upon the love that you give and receive.

Like all conscious races at this stage of progress, you may feel isolated on your planet. This impression makes you sure of your destiny. Yet, you are at the brink of big upheavals that only a minority is aware of.

It is not our responsibility to modify your future without you choosing it. Consider this message as a worldwide referendum! And your answer as a ballot!

Who are we ?

Neither your scientists nor your religious representatives speak unanimously about the unexplained celestial events that mankind has witnessed for thousands of years. To know the truth, one must face it without the filter of one's beliefs, however respectable they may be.

A growing number of anonymous researchers of yours are exploring new

knowledge paths and are getting very close to reality. Today,
your
civilisation is flooded with an ocean of information of which
only a
tiny part, the less upsetting one, is notably diffused.

What in your history seemed ridiculous or improbable has often
become
possible, then realised, in particular in the last fifty years.
Be
aware that the future will be even more surprising. You will
discover
the worst as well as the best.

Like billions others in this galaxy, we are conscious creatures
that
some name "extra-terrestrials", even though reality is subtler.

There is no fundamental difference between you and us, save for
the
experience of certain stages of evolution. Like in any other
organised structure, hierarchy exists in our internal
relationships.
Ours is based upon the wisdom of several races. It is with the
approval of this hierarchy that we turn to you.

Like most of you, we are in the quest of the Supreme Being.
Therefore
we are not gods or lesser gods but virtually your equals in the
Cosmic Brotherhood.

Physically, we are somewhat different from you but for most of
us
humanoid-shaped.

Our existence is a reality but the majority of you does not
perceive
it yet. We are not mere observations, we are consciences just
like
you. You fail to apprehend us because we remain invisible to
your
senses and measure instruments most of the time.

We wish to fill this void at this moment in your history. We
made
this collective decision but this is not enough. We need yours.
Through this message, you become the decision-makers ! You
personally.

We have no human representative on Earth who could guide your
decision.

Why aren't we visible ?

At certain stages of evolution, cosmic "humanities" discover new forms of science beyond the apparent control of matter. Structured dematerialisation and materialisation are part of them. This is what your humanity has reached in a few laboratories, in close collaboration with other "extra-terrestrial" creatures at the cost of hazardous compromises that remain purposely hidden from you by some of your representatives.

Apart from the aerial or spatial objects or phenomena known about by your scientific community, that you call 'UFOs, there are essentially multidimensional manufactured spaceships that apply these capacities. Many human beings have been in visual, auditory, tactile or psychic contact with such ships, some of which are under occult powers that "govern" you. The scarcity of your observations is due to the outstanding advantages provided by the dematerialised state of these ships.

By not witnessing them by yourself, you cannot believe in their existence. We fully understand this.

The majority of these observations are made on an individual basis so as to touch the soul and not to modify any organised system. This is deliberate from the races that surround you but for very different reasons and results.

For negative multidimensional beings that play a part in the exercise of power in the shadow of human oligarchy, discretion is motivated by their will to keep their existence and seizure unknown.

For us, discretion is motivated by the respect of the human free will that people can exercise to manage their own affairs so that they can

reach technical and spiritual maturity on their own.
Humankind's
entrance into the family of galactic civilisations is greatly
expected.

We can appear in broad daylight and help you attain this union.
We
haven't done it so far, as too few of you have genuinely
desired it,
because of ignorance, indifference or fear, and because the
emergency
of the situation did not justify it. Many of those who study
our
appearances count the lights in the night without lighting the
way.
Often they think in terms of objects when it is
all about conscious beings.

Who are you ?

You are the offspring of many traditions that throughout time
have
been mutually enriched by each others' contributions. The same
applies to the races at the surface of the Earth. Your goal is
to
unite in the respect of these roots to accomplish a common
project.
The appearance of your cultures seems to keep you separated
because
you substitute it to your deeper being. Shape is now more
important
than the essence of your subtle nature. For the powers in
place,
this prevalence of the shape constitutes the ramparts against
any
form of jeopardy.

You are being called onto overcome shape while still
respecting it
for its richness and beauty. Understanding the conscience of
shape
makes us love men in their diversity. Peace does not mean not
making
war, it consists in becoming what you are in reality: a same
Fraternity.

To understand this, the number of solutions within your reach
are
decreasing. One of them consists in contact with another race
that
would reflect the image of what you are in reality.

What is your situation ?

Except for rare occasions, our interventions always had very little incidence on your capacity to make collective and individual decisions about your own future. This is motivated by our knowledge of your deep psychological mechanisms.

We reached the conclusion that freedom is built every day as a being becomes aware of himself and of his environment, getting progressively rid of constraints and inertias, whatever they may be. Despite the numerous, brave and willing human consciences, those inertias are artificially maintained for the profit of a growing centralising power.

Until recently, mankind lived a satisfying control of its decisions. But it is losing more and more the control of its own fate because of the growing use of advanced technologies, which lethal consequences on the earthly and human ecosystems become irreversible. You are slowly but surely losing your extraordinary capacity to make life desirable. Your resilience will artificially decrease, independently of your own will. Such technologies exist that affect your body as well as your mind. Such plans are on their way.

This can change as long as you keep this creative power in you, even if it cohabits with the dark intentions of your potential lords. This is the reason why we remain invisible. This individual power is doomed to vanish should a collective reaction of great magnitude not happen. The period to come is that of rupture, whichever it may be.

But should you wait for the last moment to find solutions ? Should you anticipate or undergo pain ?

Your history has never ceased to be marked by encounters between

peoples who had to discover one another in conditions that were often conflictual. Conquests almost always happened to the detriment of others. Earth has now become a village where everyone knows everyone else but still conflicts persist and threats of all kinds get worse in duration and intensity.

Although a Human being as an individual, yet having many potential capacities, cannot exercise them with dignity. This is the case for the biggest majority of you for reasons that are essentially geopolitical.

There are several billion of you. The education of your children and your living conditions, as well as the conditions of numerous animals and much plant life are nevertheless under the thumb of a small number of your political, financial, military and religious representatives.

Your thoughts and beliefs are modelled after partisan interests to turn you into slaves while at the same time giving you the feeling that you are in total control of your destiny, which in essence is the reality.

But there is a long way between a wish and a fact when the true rules of the game at hand are unknown. This time, you are not the conqueror. Biasing information is a millenary strategy for human beings. Inducting thoughts, emotions or organisms that do not belong to you via ad hoc technologies is an even older a strategy.

Wonderful opportunities of progress stand close to big subdual and destruction threats. These dangers and opportunities exist now. However, you can only perceive what is being shown to you. The end of natural resources is programmed whereas no long-term collective project has been launched.

Ecosystem exhaustion mechanisms have exceeded irreversible limits.

The scarcity of resources and their unfair distribution -
resources
which entry price will rise day after day - will bring about
fratricide fights at a large scale, but also at the very heart
of
your cities and countrysides.

Hatred grows bigger but so does love. That is what keeps you
confident in your ability to find solutions. But the critical
mass is
insufficient and a sabotage work is cleverly being carried out.

Human behaviours, formed from past habits and trainings, have
such an
inertia that this perspective leads you to a dead end. You
entrust
these problems to representatives, whose conscience of common
well-
being slowly fades away in front of corporatist interests, with
those
difficulties. They are always debating on the form but rarely
on the
content.

Just at the moment of action, delays will accumulate to the
point
when you have to submit rather than choose. This is the reason
why,
more than ever in your history, your decisions of today will
directly
and significantly impact your survival of tomorrow.

What event could radically modify this inertia that is typical
of any
civilisation ? Where will a collective and unifying awareness
come
from, that will stop this blind rushing ahead ?

Tribes, populations and human nations have always encountered
and
interacted with one another. Faced with the threats weighing
upon the
human family, it is perhaps time that a greater interaction
occurred.

A great roller wave is on the verge of emerging. It mixes very
positive but also very negative aspects.

Who are the "third party" ?

There are two ways to establish a cosmic contact with another
civilisation: via its standing representatives or directly with

individuals without distinction. The first way entails fights of interests, the second way brings awareness.

The first way was chosen by a group of races motivated by keeping mankind in slavery, thereby controlling Earth resources, the gene pool and human emotional energy.

The second way was chosen by a group of races allied with the cause of the Spirit of service. We have, at our end, subscribed to this disinterested cause and introduced ourselves a few years ago to representatives of the human power who refused our outstretched hand on the pretext of incompatible interests with their strategic vision.

That is why today individuals are to make this choice by themselves without any representative interfering. What we proposed in the past to those whom we believed were in a capacity to contribute to your happiness, we propose it now to ... you!

Most of you ignore that non-human creatures took part in the exercise of those centralising powers without them being neither suspected nor accessible to your senses. This is so true that they have almost very subtly taken control. They do not necessarily stand on your material plan, and that is precisely what could make them extremely efficient and frightening in the near future. However, be aware that a large number of your representatives are fighting this danger ! Be aware that not all abductions are made against you. It is difficult to recognize the truth !

How could you under such conditions exercise your free will when it is so much manipulated ? What are you really free of ?

Peace and reunification of your peoples would be a first step toward the harmony with civilisations other than yours.

That is precisely what those who manipulate you behind the scenes want to avoid at all cost because, by dividing, they reign! They also reign over those who govern you. Their strength comes from their capacity to distillate mistrust and fear into you. This considerably harms your very cosmic nature.

This message would be of no interest if these manipulators' tutorage did not reach its peak and if their misleading and murderous plans did not materialise in a few years from now. Their deadlines are close and mankind will undergo unprecedented torments for the next ten cycles.

To defend yourselves against this aggression that bears no face, you need at least to have enough information that leads to the solution.

As is also the case with humans, resistance exists amongst those dominant races. Here again, appearance will not be enough to tell the dominator from the ally. At your current state of psychism, it is extremely difficult for you to distinguish between them. In addition to your intuition, training will be necessary when the time has come.

Being aware of the priceless value of free will, we are inviting you to an alternative.

What can we offer ?

We can offer you a more holistic vision of the universe and of life, constructive interactions, the experience of fair and fraternal relationships, liberating technical knowledge, eradication of suffering, controlled exercise of individual powers, the access to new forms of energy and, finally, a better comprehension of consciousness.

We cannot help you overcome your individual and collective fears, or bring you laws that you would not have chosen, work on your own selves, individual and collective effort to build the world you desire, the spirit of quest to new skies.

What would we receive ?

Should you decide that such a contact takes place, we would rejoice over the safeguarding of fraternal equilibrium in this region of the universe, fruitful diplomatic exchanges, and the intense Joy of knowing that you are united to accomplish what you are capable of. The feeling of Joy is strongly sought in the universe for its energy is divine.

What is the question we ask you ?

"DO YOU WISH THAT WE SHOW UP ?"

How to can you answer this question ?

The truth of soul can be read by telepathy. You only need to clearly ask yourself this question and give your answer as clearly, on your own or in a group, as you wish. Being in the heart of a city or in the middle of a desert does not impact the efficiency of your answer, YES or NO, IMMEDIATELY AFTER ASKING THE QUESTION! Just do it as if you were speaking to yourself but thinking about the message.

This is a universal question and these mere few words, put in their context, have a powerful meaning. You should not let hesitation in the way. This is why you should calmly think about it, in all conscience. In order to perfectly associate your answer with the question, it is recommended that you answer right after another reading of this message.

Do not rush to answer. Breathe and let all the power of your own free will penetrate you. Be proud of what you are ! The problems that you may have weaken you. Forget about them for a few minutes to be

yourselves. Feel the force that springs up in you. You are in control of yourselves !

A single thought, a single answer can drastically change your near future, in one way as in another.

Your individual decision of asking in your inner self that we show up on your material plan and in broad daylight is precious and essential to us.

Even though you can choose the way that best suits you, rituals are essentially useless. A sincere request made with your heart and your own will will always be perceived by those of us whom it is sent to.

In your own private polling booth of your secret will, you will determine the future.

What is the lever effect ?

This decision should be made by the greatest number among you, even though it might seem like a minority. It is recommended to spread this message, in all envisageable fashions, in as many languages as possible, to those around you, whether or not they seem receptive to this new vision of the future.

Do it using in a humorous tone or derision if that can help you. You can even openly and publicly make fun of it if it makes you feel more comfortable but do not be indifferent for at least you will have exercised your free will.

Forget about the false prophets and the beliefs that have been transmitted to you about us. This request is one of the most intimate that can be asked to you. Making a decision by yourself, as an individual, is your right as well as your responsibility !

Passivity only leads to the absence of freedom. Similarly, indecision

is never efficient. If you really want to cling to your beliefs,
which is something that we understand, then say NO. If you do not
know what to choose, do not say YES because of mere curiosity. This
is not a show, this is real
daily life, WE ARE ALIVE ! And living !

Your history has plenty of episodes when determined men and women
were able to influence the thread of events in spite of their small
number.

Just like a small number is enough to take temporal power on Earth
and influence the future of the majority, a small number of you can
radically change your fate as an answer to the impotence in
face of
so much inertia and hurdles ! You can ease the mankind's birth
to
Brotherhood.

One of your thinkers once said: "Give me a hand-hold and I'll
raise
the Earth".

Spreading this message will then be the hand-hold to
strengthen, we
will be the light-years long lever, you will be the craftsmen
to ...
raise the Earth as a consequence of our appearance.

What would be the consequences of a positive decision ?

For us, the immediate consequence of a collective favourable
decision
would be the materialisation of many ships, in your sky and on
Earth.

For you, the direct effect would be the rapid abandoning of
many
certitudes and beliefs.

A simple conclusive visual contact would have huge
repercussions on
your future. Much knowledge would be modified forever. The
organisation of your societies would be deeply upheaved for
ever, in

all fields of activity. Power would become individual because you would see for yourself that we are living. Concretely, you would change the scale of your values !

The most important thing for us is that humankind would form a single family in front of this "unknown" we would represent !

Danger would slowly melt away from your homes because you would indirectly force the undesirable ones, those we name the "third party", to show up and vanish. You would all bear the same name and share the same roots: Mankind !

Later on, peaceful and respectful exchanges would be thus possible if such is your wish. For now, he who is hungry cannot smile, he who is fearful cannot welcome us. We are sad to see men, women and children suffering to such a degree in their flesh and in their hearts when they bear such an inner light.

This light can be your future. Our relationships could be progressive.

Several stages of several years or decades would occur: demonstrative appearance of our ships, physical appearance beside human beings, collaboration in your technical and spiritual evolution, discovery of parts of the galaxy.

Every time, new choices would be offered to you. You would then decide by yourself to cross new stages if you think it necessary to your external and inner well-being. No interference would be decided upon unilaterally. We would leave as soon as you would collectively wish that we do.

Depending upon the speed to spread the message across the world, several weeks, or even several months will be necessary before our "great appearance", if such is the decision made by the majority

of those who will have used their capacity to choose, and if this message receives the necessary support.

The main difference between your daily prayers to entities of a strictly spiritual nature and your current decision is extremely simple : we are technically equipped to materialise!

Why such a historical dilemma ?

We know that "foreigners" are considered as enemies as long as they embody the "unknown". In a first stage, the emotion that our appearance will generate will strengthen your relationships on a worldwide scale.

How could you know whether our arrival is the consequence of your collective choice ? For the simple reason that we would have otherwise been already there for a long time at your level of existence ! If we are not there yet, it is because you have not made such a decision explicitly.

Some among you might think that we would make you believe in a deliberate choice of yours so as to legitimate our arrival, though this would not be true. What interest would we have to openly offer you what you haven't got any access to yet, for the benefit of the greatest number of you ?

How could you be certain that this is not yet another subtle manoeuvre of the "thirdparty" to better enslave you ? Because one always more efficiently fights something that is identified than the contrary. Isn't the terrorism that corrodes you a blatant example ?

Whatever, you are the sole judge in your own heart and soul ! Whatever your choice, it would be respectable and respected ! In the absence of human representatives who could potentially seduce into error you ignore everything about us as well as from about those who manipulate you without your consent.

In your situation, the precautionary principle that consists in not trying to discover us does no longer prevail. You are already in the Pandora's box that the "third party" has created around you. Whatever your decision may be you will have to get out of it.

In the face of such a dilemma, one ignorance against another, you need to ask your intuition. Do you want to see us with your own eyes, or simply believe what your thinkers say ? That is the real question!

After thousands of years, one day, this choice was going to be inevitable: choosing between two unknowns.

Why spread such a message among yourselves ?

Translate and spread this message widely. This action will affect your future in an irreversible and historical way at the scale of milleniums, otherwise, it will postpone a new opportunity to choose to several years later, at least one generation, if it can survive.

Not choosing, stands for undergoing other people's choice. Not informing others stands for running the risk of obtaining a result that is contrary to one's expectations. Remaining indifferent means giving up one's free will.

It is all about your future. It is all about your evolution.

It is possible that this invitation does not receive your collective assent and that, because of a lack of information, it will be disregarded. Nevertheless no individual desire goes unheeded in the universe.

Imagine our arrival tomorrow. Thousands of ships. A unique cultural shock in today's mankind's history. It will then be too late to regret about not making a choice and spreading the message because

this discovery will be irreversible. We do insist that you do not rush into it, but do think about it ! And decide !

The big medias will not be necessarily interested in spreading this message. It is therefore your task, as an anonymous yet an extraordinary thinking and loving being, to transmit it.

You are still the architects of your own fate...

"DO YOU WISH THAT WE SHOW UP ?"
