Full Year Redesign Goals

- Accelerate learning and reduce summer/ COVID learning loss
- Enhance student experiences by providing more time for brain breaks, relationship building, fun activities and real-world projects
- Enhance teacher experiences by providing more time for planning and collaboration, and to tailor instruction to meet the needs of each student

Enhancing Student and Teacher Experiences
with Full Year Redesign

Participating schools

- Redesign the daily schedule with brain breaks, teacher planning time, enrichment time for students, and collaborative planning time.
- Add 30 additional days of instruction (ADSY days) beyond the 180-day academic calendar, to design a 210-day program.
- Adopt Tier 1 high-quality instructional materials (HQIM) during the full academic year - including your 30 additional ADSY days for math and RLA.
