Subject: Virtual Reality Workshop

To: Daren Chircop <dchir02@um.edu.mt>

Cc:

Dear all,

Would you be interested in participating in this?

-----

I am writing this announcement to invite you to participate in a workshop on the use of Virtual Reality (VR) in contemporary both clinical and educational contexts. This workshop will run over three days and will be held at Campus Hub CHBO-211 on 26-28 June between 9 am and 3 pm.

The workshop will comprise the use of VR in developing emotional competence in health care professionals. It will be moderated by Dr Roderick Bugeja and myself. Attendance is optional. However, all students who wish to attend this workshop need to send an email noting their intention to attend the workshop to the following email address, dchir02@um.edu.mt

Attendance to all days of the workshop will be recognised as 24 hours of practice placement. A certificate of attendance will be provided.

-----

Best wishes,

Daren

Assistant Lecturer

Department of Nursing

Faculty of Health Sciences

University of Malta
