ARCANE MIND RULES

This is a precept to the flawless conquer challenge, preparing you for the diamond mind project.

Rules:

- **Limited or no social media consumption** unless needed to actually produce and grow instead of consume. (**Meaning**, this should only be used as a reward for doing tasks in which are PRODUCTIVE)
- **No video games** (Unless reward) but this is not recommended.
- **Produce more than you consume** (**Meaning**: do more things that take you forward in your life rather than those that hinder you and keep you stagnant)
- **Hold yourself accountable**, with integrity, and honor.
- **MIND-STRIKE** has unlimited repeats until you move past it, for whatever reason you fail, that is your fault, nobody else's, the diamond mind project has been proven successful, therefore your failure is your own, which is good, you can grow from it.
- **Your task list should be created daily**, one day before to keep in sequential rhythm the following day, a format will be provided for you.
- **No masturbation**, fapping, porn, or any of that dumb shit in all types of existence. (This kills your mind, and relationship if you're in one - this habit NEEDS to be eliminated)
- **Physical Activity** - health and wealth are related. Daily in any form.

When you feel like you're ready, you can move onto The Flawless Conqueror Challenge which is step 2 of your journey, **do this for 7-14 days.**
