Program of Activities/Program of Work Extended Learning Documentation

Leadership and employability skills are developed and practiced at the highest professional level through state-recognized Career and Technical Student Organizations. Leadership skills empower each student to assume responsible roles in family, community, and business and industry environments. The FFA Program of Activities (POA)/Program of Work (POW) documentation demonstrates the activities students have an opportunity to be engaged in that extend learning beyond the classroom/laboratory into the community and provide real world value. This will include community service activities and leadership skill development opportunities available at the local, regional, state, national and international level, and will reflect activities available for your local chapter FFA members. This form should be completed on an **annual** basis to reflect the student-developed program of work and supports student planning efforts. **FFA specific resources are linked here to help aid local chapters in completing or understanding the purpose of the POA/POW: [Visit National FFA](#) or [Washington FFA](#).**

Course Information

(Fill out all information in this section.)

School District:	Building(s):	Instructor(s):
Program Area: Choose an item.	CIP Code(s):	School Year: 2024-2025

Minimum Qualifications Checklist – Leadership Organization

(All boxes must be checked and reflected in locally planned and developed events.)

Annual Program of Activities

Activities reflected should only address extended learning components of the program. These should be learning and teaching activities **related to the career and technical education course or program** competencies which occur **beyond the scheduled school day and/or school year** under the supervision of a certified CTE

teacher. Activities should place emphasis on personal and group activities that improve life skills and align with 21st Century Leadership skills, encourage students to work together, and include cooperative activities with other groups that make the community a better place to live and work.
