

Forrest Hill School Criteria for BYOD

- The battery must last the whole day. Bearing in mind that your child will not be on their device for the entire day.
- All software must be up to date, including antivirus software.
- No gaming software is accessible on a device unless it is part of the classroom programme.
- No age-inappropriate software eg. Facebook
- Must have Chrome browser set as default.
- iPads, Android tablets and cell phones are not considered suitable BYOD choices.
- The startup speed must be under 1 minute.
- Students should know the basic functions of their device, including how to join it to a wi-fi network.
- Devices must be reliable.
- Parents must have signed off on the BYOD User Agreement - this outlines the rights and responsibilities of all students who bring a device to Forrest Hill School.
- Devices must be clearly labelled with the student's name.
