

PEC Form II Part B: Program-Specific Information

PROGRAM: Biochemistry

DEPT. NAME:

A. Biochemistry Resources	YES/NO	Number	Comments
General Biochemistry Laboratory			
Total Number of Tests/Year			
Specialized Lipid Clinic			
Total Number of Cases/Year			
Specialized Apheresis Unit			
Total Number of Cases/Year			
Specialty Biochemistry Lab Sections (specify number of tests/year):			
• Endocrine Lab			
• Protein Lab			
• Toxicology Lab			
• Biochemical Genetics Lab			
• Molecular Genetic Testing			
The hospital has the following specialties (specify number of beds):			
• Medicine			
• ICU			
• Pediatrics			
• Emergency			
The hospital has the following services:			
• Phlebotomy			
• IT			
• In-Patient Pharmacy			
• Hospital Information System			
Other Resources			

B. Human Resources for Biochemistry	Number	Comments
Senior Consultants		
Consultants		
Senior Specialists		
OMSB Trainers		
Specialists		
Medical Officers		
Specialist Biomedical Scientists		
Nurses		
Others, please specify		

C. Academic Activities and Quality Assurance (QA) in Biochemistry	YES/NO	Frequency	Comments
Bedside Teaching (Lipid Apheresis Unit)			
Department Lectures/Didactics for Staff			
Academic Day/Teaching Day			
Specialty Workshops			
Journal Clubs			
Interdepartmental Conferences/Meetings			
Audits Conducted Regularly			
Availability of Incident Reports System			
Patient Safety Monitoring			
Laboratory Quality Assurance System			
Other Activities, please specify
