MU.6

Report on execution of the course's field experience sessions

Academic Year

Section 1 General Information

Topic	Details
1. Course Code and Title	(Thai)..... (English).....
2. Course Type	☐ General Education ☐ Compulsory
3. Course Coordinator	
4. Lecturers (by group):	Number of Lecturers (Please attach the Lecturers' names in the appendix.)
5. Academic Year/ Semester	Academic Year..... / Semester.....
6. Study Site Location	Total: places 1. 2.

Section 2 The Course's Teaching and Learning Experience Management

2.1 Course learning outcomes (CLO) as stated in the course's MU.3

By the end of the course, students who successfully complete the course will be able to:

CLO 1	
CLO 2	

MU.6 of Academic Year.....

Course.....(the course code and title).....

Program.....

Department.....

Faculty.....

CLO 3	
CLO 4	
CLO 5	
CLO 6	

2.2 Plan according to course learning outcomes

Teaching methods and evaluation methods according to result in the CLOs as specified in the course's MU.3

CLOs	Teaching Methods					Evaluation Methods			
	Lecture					MCQ			
CLO1									
CLO2									
CLO3									
CLO...									

Section 3 Summary of the course management

3.1 Number of students

MU.6 of Academic Year.....

Course.....(the course code and title).....

Program.....

Department.....

Faculty.....

Number of students	Number		Remarks
	students	Percentage*	
1. Students who register in the course (information on the last day of adding/withdrawal)		100	
2. Students who withdraw the course (W)			
3. Students who remain in the course until the end			
4. Students who re-test or re-examination			
5. Students who re-register in the course (those who had failed the course)			

* Percentage when compared to the number of students who register in the course (1)

3.2 Grade distribution after remedial exam* (Choose answer a or b)

a. The result by grade and there assigned score (A-F)

Information	Grades after remedial exam*										Total
	A (4.0)	B+ (3.5)	B (3.0)	C+ (2.5)	C (2.0)	D+ (1.5)	D (1.0)	F (0.0)	X -	I -	
1. Number of students getting each grade											
2. Percentage of students getting each grade (calculated from the total students registering in the course)											100
3. Number of students getting grades A-F											
4. Weight of each grade multiplied by number of students getting the grade											
5. Average score of the whole class	Calculation = result from no.4 / result from no.3										
Remark: the course's pass grade =											

b. The result by O, S ,U and without score

Information	Result	Total
-------------	--------	-------

MU.6 of Academic Year.....

Course.....(the course code and title).....

Program.....

Department.....

Faculty.....

	O	S	U	X	I	
1. Number of students getting each level						
2. Percentage of students getting each level (calculated from the total students registering in the course)						
3. Number of students getting O and S (calculated from the total students registering in the course)						

3.3 Average score: ☐ The average score is between 2.5 and 3.5

☐ The average score is below 2.5

☐ The average score is above 3.5

☐ N/A (If course set result by O, S ,U)

3.4 Factors that caused the average score of abnormal grade

.....

.....

.....

Section 4 Course evaluation

4.1 Course evaluation made by students

4.1.1 Course evaluation by students using an evaluation form

a. Students participation	Academic Year		
	202X-2	202X-1	202X*
1. Number of students who register in the course			
2. Number of students answering the evaluation form			
3. Percentage of students answering the evaluation form			

MU.6 of Academic Year.....

Course.....(the course code and title).....

Program.....

Department.....

Faculty.....

(calculated from the number of all students registering in the course in each academic year)

Remarks: 202X* is the latest year of the MU.5 report.

b. Summary of students' satisfaction and dissatisfaction of the course from 5-level criteria survey:

(1) Percentage of students who were satisfied-very satisfied : a sum of percentages of students who gave 4 and 5 points in the survey (satisfied and very satisfied)

(2) Percentage of students who were dissatisfied-very dissatisfied : a sum of percentages of students who gave 1 and 2 points in the survey (very dissatisfied and dissatisfied)

(3) Average satisfaction score from students

Evaluation Topics	(1) Percentage of satisfied students Academic Years			(2) Percentage of dissatisfied students Academic Years			(3) Average satisfaction score Academic Years		
	202X-2	202X-1	202X*	202X-2	202X-1	202X*	202X-2	202X-1	202X*
1. Students' satisfaction of the course's overall teaching and learning experience management									
2. Students' satisfaction of the lecturers' teaching quality									
3. Students' satisfaction of learning facilities									
4. (topics from the course)									
5. (topics from the course)									

c. Students' significant comments from the evaluation form

4.2 Analysis of the effectiveness of course

4.2.1 Teaching and learning effectiveness and course evaluation each CLOs

CLOs	Analysis of teaching and learning effectiveness /evaluation and plan for improvement
CLO1	
CLO2	
CLO3	
CLO4	
CLO5	
CLO6	

4.2.2 SWOT Analysis

.....

.....

.....

Section 5 Plans for the Course Improvement

5.1 Improvement plan for the next academic year

Plans / activities	Expected time of finishing	Responsible person
1.		
2.		

5.2 Suggestions / opinions from the course coordinator to the Head of the Program / the Program responsible persons

1.
2.

Course coordinator
