

Rate Your Digital Footprint

Name of creators: Nathalie Gauthier, Isabelle Dupont, Lisa Furlotte, Wayne Burke, Digital Citizenship Initiative

Digital Citizenship Theme(s): Digital Footprint		
Title of Activity: Rate Your Digital Footprint	Duration: 2 periods	Level: Secondary
Objectives of the Activity: Students will assess their digital footprint by assessing their online presence.		
Description: Personal investigative research of the student’s online presence		
Steps: 1. Students will Google their own name. 2. Discuss with the class what is a digital footprint and have them list their online presence according to these 3 categories: a. What is voluntary b. What is involuntary c. What is inherited 3. Discuss with the class what is a positive digital footprint and together elaborate a rubric that can help them determine how positive is their digital footprint. 4. Discuss how you can manage your footprint. 5. Explain how you can improve your digital footprint in a paragraph	Material needed: ● Access to the Internet ● Computers/laptops/tablets etc	
Extension: Create posters or public service announcements that focuses on how we can build and maintain a positive digital footprint.
