

# **KC Christmas Classic Epic Shootout Rules**

## **FORMAT:**

The 2022 Epic Shootout will be a single elimination tournament.

## **RULES:**

- Each team must dress one goalie
- Each team will start each round in numerical order.
- In the event that a team has fewer shooters than their opponent, they must continue to follow their roster in numerical order for any additional shooters. This will carry over to the following rounds. For example: if you require two extra shooters to match the roster of the opposing team, you would then need to start at the third player on your roster if extra shooters are required in the following round. This rule does not apply in the event of a tie.
- In the event of a tie, a sudden death shootout will take place. Any player can be used for the sudden death round in the event of a tie; however, no player can shoot twice in the sudden death round before everyone has had a turn.
