Abstract

This section pertains to the abstract of your work. Please craft a concise and informative summary that captures the essence of your research. The abstract should be limited to one page. It must clearly outline the following components: the main objective of your study, the methodology you employed, the key results obtained, and the significance of your findings about the themes of the conference. It is essential to avoid including references, figures, or tables in this abstract to maintain clarity and focus.

Keywords: List a few keywords separated by commas
