Buildings and Grounds Security

The Board will cooperate closely with local law enforcement and fire departments, and with insurance company inspectors.

Records and funds will be kept in a safe, locked location.

Access to school buildings outside of regular school hours will be limited to school personnel whose work requires it. An adequate key control system will be established to limit access to buildings to authorized personnel.

School buildings will be closed and locked at all times.

A building being used by an authorized school or community group in the evening, or on non-school days, will be opened for such activity and secured again after its conclusion.

An authorized user must be on school grounds during the course of the activity. Only the authorized user will be allowed to open and close the school in the event of such an activity as per policy KF.

Classroom windows and doors are to be locked when the teachers leave the building.

In addition to this policy, the Superintendent is charged with establishing further safety and security provisions as may be necessary.

The principal is responsible for enforcing this policy.
