1. **Call to Order** by Matt Laccavole at 6:00 pm
2. **Discussion:** We currently have an unaudited budget surplus from last year of around \$130,000. We have multiple options for where to put it and are consulting legal for an opinion of where it can specifically go and will discuss more at the next committee meeting. While the current school year has only just started, we are currently \$60,000 under budget. Central office and our business manager are taking a fresh, hard look at each line item in our current budget for any possible savings. We plan to go out for bid for our legal services. We discussed planning on additional temporary costs for transportation with the passing of the school referendum.
3. **Move to adjourn:** Matt Laccavole moved to adjourn at 6:28. Seconded by James Reilly. All in favor.

Respectfully submitted,
Matt Laccavole
