

Owl City / Ilysaabeth - TEN MILLION FLUTTERSHYS

orig @ capo 8

[D G C C] x 2 [D D C C] x 2

D C
You would not believe your eyes if ten million Fluttershys
D C
Flew in the room as I fell asleep
D C
'Cause they'd fill the open air and they're squeaking everywhere
D C
Would be so cute that I would just stand and smile

C G D C G HmC
I'd like to make myself believe Equestria's kind pony
C G C D Em
Would come to me when I'm feeling tired and snuggle me to sleep
C G A
'Cause ponies have invaded all my dreams

D C
'Cause into my room they'd fly those ten thousand pegasi
D C
As they sung me lullabies to sleep
D C
"Time to lay your sleepy head, hush now, time to go to bed"
D C
I'd slumber then, snug under my warm bedspread

C->

[CHORUS] (When I fall asleep...) [C]

D C D
Don't close my browser for a bit - please send me a pony here
C D
'Cause I need another pony hit - please send me a pony here
C D
Why can't I stop with one more peek - please send me a pony here
C

It's five A.M., and I need to sleep, to sleep, to sleep...
D C
To ten million Fluttershys I'm weird, 'cause I hate goodbyes
D C
I got misty eyes as they said farewell
D C
But I'll know where several hide when my dreams get ponified
D C

'Cause I saved a few and into my room they'll glide

C->

[CHORUS] (When I fall asleep...) x 2

C G D C G HmC
I'd like to make myself believe Equestria's kind pony
C G C D Em
Would come to me when I'm feeling tired and snuggle me to sleep
C G A
'Cause I'm obsessed with ponies, so it seems...
