

## **All About Me Project Checklist**

**Google Site**-Decide how to present the information in a way that reflects who you are. The 6 pages of your site will include:

☐ **Introduction and Fun Page:**

- ☐ I included my profile picture, full name, described something about myself, my family, my friends, and at least one hobby or interest area.

☐ **Personality Type Page:**

- ☐ I completed MBTI (Myers Briggs Type Indicator) assessment (16 personality.com)
- ☐ I listed my MBTI code and character (ex: INFJ- Advocate)
- ☐ I described my personality type in my own words with a focus on how this will impact me as a worker.

☐ **Career Interests Page:**

- ☐ I included my Holland Code (ex: EIC for Enterprising, Investigating, Conventional OR ARS for Artistic, Realistic, Social).
- ☐ I described what my Holland Code means in my own words.
- ☐ I briefly described 2-3 careers that match my Holland Code, including something that looks interesting to me.

☐ **Skills and Work Values Page:**

- ☐ I completed the work values and hard and soft skills assessments
- ☐ I described my top 3 work values AND top 3 life skills
- ☐ I described my hard and soft skills, and at least 2 skills I hope to grow
- ☐ I included my definition of success (from the VSAC sheet)

☐ **Resume Page:**

- ☐ I attached my resume so that it is embedded in the page (not a link)
- ☐ I included at least 2 goals for making my resume grow (on the site, not on the resume)

☐ **Future Vision Page:**

- ☐ I included many images and very little text
- ☐ The images I use paint a picture of my future successful life (where I live, transportation, family, friends, how I spend time, work, etc.)

### **GENERAL REQUIREMENTS:**

- ☐ I included at least **one profile picture and a personal photo**
- ☐ I included at least **one video**- does not have to be personal (practice both a link and embedding the video)
- ☐ I included at least **one hyperlink** to an outside resource (describe what they'll get when they click on the hyperlink)
- ☐ My **design elements** in each technology are intentional (planned and logical and **pleasing to the eye--colors, fonts, images**).
- ☐ I used the google form in Classroom to tell my teacher who the adult is that I'll be sharing my site with. (Do not email your site until instructed to).
