SUBJECT: [Response Requested by 26 July] Next wave of InCommon Baseline Expectations

Fellow InCommon participants,

Please take a moment to complete an [online survey](https://tinyurl.com/BEv2survey) (<https://tinyurl.com/BEv2survey>) about possible next steps for InCommon Baseline Expectations. The survey will remain open through July 26th. Your feedback will help the Community Trust and Assurance Board formulate a draft “v2” Baseline Expectations document in Fall 2019. That draft will then be submitted to the [Community Consensus process](https://www.incommon.org/federation/community-consensus/) (<https://www.incommon.org/federation/community-consensus/> URL corrected from our prior email!).

We have already received informative responses to this survey requesting input on possible steps to enhance interoperability and mutual trust among entities in InCommon. We want to hear from *you* if you have not already responded; the Board will continue to review survey responses received through 26 July.

Please provide your input using this [online form](https://tinyurl.com/BEv2survey) (<https://tinyurl.com/BEv2survey>).
