

WELCOME TO GREYLOCK TOGETHER!

You are not alone! Across the country, Indivisible national leaders have seen a surge of new members and new groups, consistently, steadily, since November. Last week they reported they were seeing 10 - 15 new groups a DAY!

From our website:

Greylock Together is one of thousands of Indivisible groups fighting for progressive values and a stronger democracy. We are grassroots, loosely structured, and action-oriented.

Now more than ever, our democracy is under threat, but we stand together to defend our rights, our communities, and our values. Our strength is our people-power...we welcome YOU!

From one of Indivisible's Co-Leaders, Ezra Levin. In fact, what he says is 100% true. A bunch of us gathered the week after the election in 2016 and had no idea this was what we were creating. We kept showing up and building this grassroots team, soon becoming an Indivisible group by early 2017 when it first started gaining folks across the country.
