

### Activity Overview

The online didactic is appropriate for busy providers to get a solid base of knowledge prior to practicing on an actual patient. This comprehensive course focuses on refining injection techniques, ensuring safety, and staying abreast of the latest advancements in aesthetic procedures.

### Target Audience

This activity is designed for an audience of Physicians, Dentists, Nurse Practitioners, Physician Assistants, and Registered Nurses

### Learning Objectives

Upon completion of the educational activity, participants should be able to:

- Analyze Anatomical landmarks, including considerations for fat, complications, ligaments, and muscles associated with dermal fillers and neurotoxins
- Describe the aging process and the strategic use of volume replacement with dermal fillers and collagen stimulators
- Explain facial muscle assessment, encompassing origins, insertions, and muscle action/function in the context of neuromodulator application
- Assess and evaluate potential adverse events and reactions related to the administration of dermal fillers and neuromodulators

### Criteria for Success

To obtain a certificate of completion, a score of 70% or better on the post-test is required. Please proceed with the activity until you have successfully completed this program, answered all test questions, completed the post-test and evaluation, and have received a digital copy of your certificate. You must participate in the entire activity to receive credit. If you have questions about this activity, please contact AKH Inc. at [ketrea@akhcme.com](mailto:ketrea@akhcme.com).

**CE credit provided by AKH Inc., Advancing Knowledge in Healthcare.**
