

Open Letter to CUNY Chancellor Félix V. Matos Rodríguez re: your decision to call the police on April 30, 2024:

As faculty and staff of the City University of New York (CUNY), we call on you to press that all charges against students and faculty arrested at CCNY be dropped. We are alarmed by the disparate and exceedingly harsh use of force the NYPD unleashed upon the CCNY and other CUNY students. 173 were arrested at CCNY, a minority-serving public institution, as opposed to 109 at Columbia University, a predominantly white, private institution. Many of those arrested at City College face felony charges, more serious than those faced by those arrested at Columbia, and they faced particularly repressive treatment by Strategic Response Group units from the NYPD, which resulted in a number of people getting hurt, including reports of broken bones.

This is due to your actions: The press reports that Columbia students' charges were lowered; CCNY students' were not. Lawyers observing the cases report that CCNY was especially slow to release relevant footage to the courts. This racialized mistreatment will undoubtedly continue through all future stages of the criminal legal system, from judgment to penalties.

Your letter on May 2nd, 2024 failed to present evidence as to why the disproportionate police response was necessary. It mentions a punitive ultimatum (that the encampment needed to be dismantled by Wednesday morning) that you violated with the decision to call on the police on Tuesday. It includes inflammatory rhetoric echoing Mayor Eric Adams' claims of infiltration by outsiders and racialized distortions about the encampment itself. Such rhetoric distracts from and minimizes the substance of the students' demands regarding our institution's responses to the brutality in Gaza, and attempts to sidestep the fact that, as the country's largest urban university, CUNY is a public institution beholden to and serving all New Yorkers. Such rhetoric fans hate against Jews, Palestinians, Muslims, and democratic discourse. It attempts to erase the fact that many of the "unaffiliated" protestors present did not hold City College IDs because they were CUNY students and faculty from other campuses. It does not benefit New Yorkers, and does a great disservice to our students, casting them as worthy of punishment rather than as students we are charged with educating and protecting.

In the spirit of our great Civil Rights leaders, including the students 55 years ago who fought to open CUNY admissions and establish Africana Studies and Puerto Rican Studies that you have praised, our young people are the moral conscience of our society. The charges must be dropped.
