

Jam Template #1: IBM Plex Serif

File -> Make a Copy to make your own version of this template, then go from there!

- **No pictures, no drawings, no diagrams.** Text only as much as possible!
- **No further layout.** Keep the page setup as “pageless”. Avoid alignment changes, ASCII pictorial representations, etc. Try not to mess with form too much. The intent is to focus on what's being written, not how it's shaped on the page. Header 1/2/3, bold, italic, ordered/unordered lists, etc. are fine.
- **You can make something and add layout, pictures, etc. later.** If you do, I would encourage you to **wait until after the jam is over** to do so. This isn't a hard-hard requirement but to be perfectly clear, **if I see something that blatantly breaks these rules I'm going to throw out your submission.**
