- Provide guidance and leadership to the investment team.
- Monitor and analyze market trends and economic indicators to identify opportunities and mitigate risks.
- Conduct due diligence on potential investment opportunities.
- Develop and maintain relationships with key stakeholders, including investment managers and brokers.
- Monitor and report on the performance of the investment portfolio to senior management and the board of directors.

Technical Competency Requirements:

- Utilizes financial modeling to project investment outcomes.
- Implements and monitors risk management strategies.
- Evaluates investment performance and adjusts strategies accordingly.
- Applies knowledge of regulatory compliance to investment activities.
- Utilizes portfolio management software and tools to optimize performance.
- Stays current on industry developments and changes to investment products.

Behavioral Competency Requirements:

- Inspires and motivates team to achieve investment objectives.
- Develops and communicates a clear investment strategy.
- Collaborates with internal and external stakeholders to achieve goals.
- Demonstrates critical thinking and problem-solving skills.
- Maintains high ethical standards and integrity.
- Adapts to changing circumstances and priorities.
- Exhibits strong communication and presentation skills.
- Demonstrates a commitment to continuous learning and improvement.

Qualifications:

- Bachelor's degree in finance, economics, or a related field. A Master's degree or MBA is preferred.
- At least 10 years of experience in investment management, with a proven track record of delivering results.
- Strong leadership skills and the ability to motivate and manage a team.
- Strong analytical and quantitative skills.
- In-depth knowledge of financial markets and investment products, including equities, fixed income, and alternative investments.
- Excellent communication and presentation skills.
