Assignment template

1. Do not include your name and student ID. We will retrieve them on OLAT.
2. Start with your answers at the top of the page. No need to write the title of the assignment
3. Add sections and subsections if they could help your readers. Use the following styles for section headings
4. For citations, please use the last name of the first author followed by year, e.g., (Hilliges et al., 2007). Numerical citations, e.g., [1], impedes readability. You may also use the author name as a subject of the sentence: Kratz et al. (2011) investigated multi-touch widgets.
5. For the References section, you may use any style for bibliographical information. Use one style throughout.
