

How to Import a Quiz to a Canvas Course Site

If you have a QTI export file of a quiz, you can import that file into your Canvas course site.

In the left-side Course Navigation menu, click the **Settings** link.

In the upper right corner, you will see a panel of the Course options. Select the **Import Course Content** option.

Current Jobs

Use the **Choose File** button to navigate to your desktop and find the folder where the QTI export file of your quiz is saved.

Import Content

Content Type QTI .zip file ▼

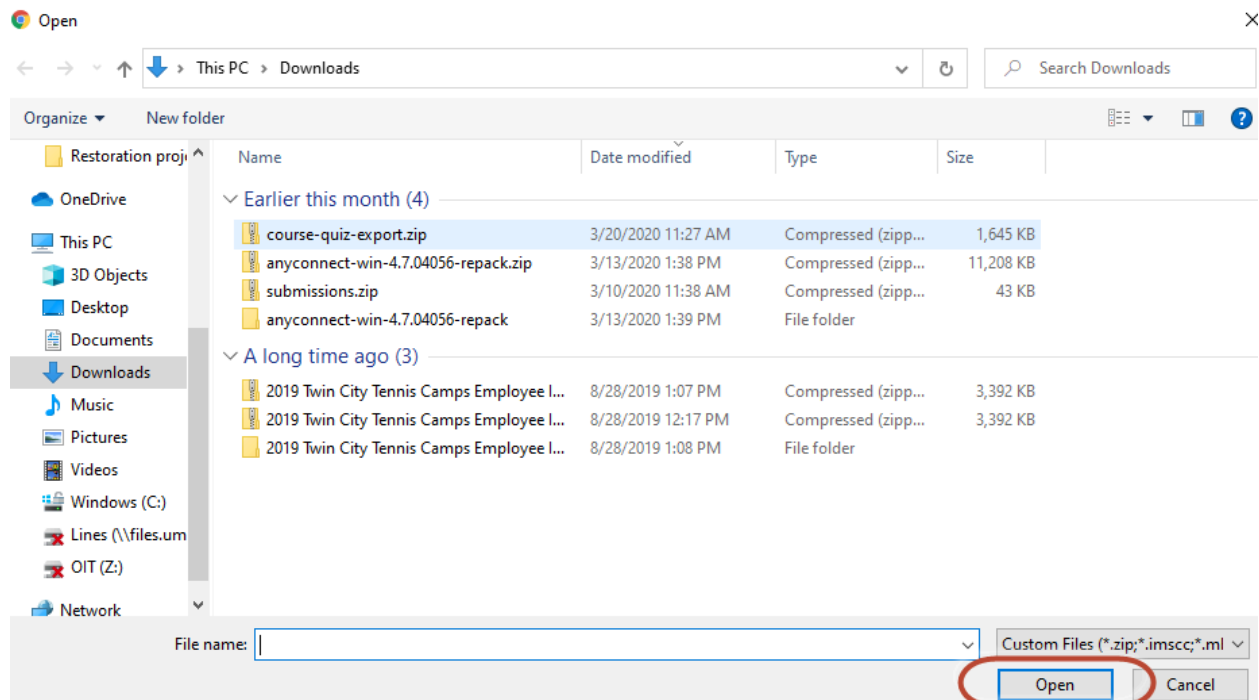

Source **Choose File** No file chosen

Default Question bank Select question bank ▼

Options ☐ Import assessment content as New Quizzes ?
☐ Overwrite assessment content with matching IDs ?

Cancel **Import**

Select the .zip file of your quiz and click the **Open** button.

Now you need to specify what question bank to copy your quiz questions into. Since it is a new quiz, you will select **Create new question bank** option in the drop down menu; then type in a name for your quiz.

Import Content

Sample quiz (modify for your needs)

The steps below outline how to set up a basic quiz. After you've read through them, delete all the text and create your quiz.

1. Insert the quiz directions in this space (copy and paste from your syllabus description and/or
