INTRODUCTION (12pt Bookman Old Style, **BOLD**)

The introduction provides a concise, concise and clear overview of the information. The introduction contains information about the research background, gaps found in the field or new statements/GAP of research, the importance of the research conducted, the formulation of the research problem, the purpose of the research, the approach to problem solving, the state of the art or the novelty of the research that you conducted with previous research.

VOL : XX NO : XX YEAR 2025 ISSN : 2776-1479 (ONLINE)

Introduction written a maximum of 1000 words can be written in Indonesian. The writing is written in an 11pt Bookman old style size with a space size of 1.15. Each paragraph in the writing begins with a single tab. The citation is written using the Mendeley application in IEEE format. The number of articles that must be cited must not be less than 25 references with a percentage of 20% of the sources from the Jolma article, 30% from reputable international articles, and 50% from reputable national articles.

METHOD (11pt Bookman Old Style, **BOLD**)

The method contains a brief description of the research method used, research design and research design. The method is written based on the suitability of the type of research. The loading method is about troubleshooting steps. Description of the variables for a particular study, place and time of implementation, use of populations and samples, data collection instruments, and data analysis techniques used. The method is written in a maximum of 500 words. Writing is written in 11pt Bookman old style with a space size of 1.15 Writing formulas in Equation format. RESEARCH RESULTS (12pt Bookman Old Style, **BOLD**)**Data Description Results**

This sub-discussion reveals the display of data collected from field observations. Data views can be tables and graphs (if needed).

Data Analysis Results

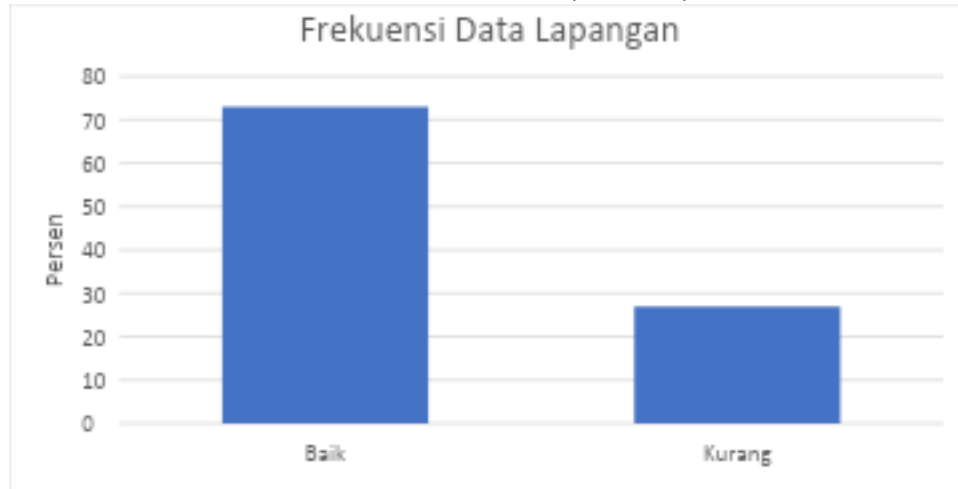

This sub-discussion reveals the interpretation of field data that has been analyzed through qualitative analysis and statistical tests. The organization of the research results above is written in logical sentences without discussion. The results of the research can be presented in the form of tables, text or images. Here's an example of writing tables and images below:

All writings in the results of the study were written in an 11pt Bookman old style size with a space size of 1.15 not more than 500 words.

DISCUSSION (12pt Bookman Old Style, **BOLD**)

The discussion contains content about the latest understanding of scientific problems from research results in the field. Give a critical assessment of research findings in the field. Compare the results of previous research with the researcher's research. Examine the advantages and disadvantages of the research. The organization of the writing is written based on the size of 11pt Bookman old style with a space size of 1.15 of no more than 500 words.

CONCLUSION (12pt Bookman Old Style, **BOLD**)

The conclusion should clearly represent the main outcome of the research work, highlighting the urgency and relevance of the research. The organization of the writing is written based on the size of 11pt Bookman old style with a space size of 1.15 of no more than 200 words.
