[Exotics Range](#)

Foreword

In light of the Uveto VII public document and the introduction of Huskar mods with the fur length increase and in correspondence and with the support of Couch, I hereby open this document to the public for ideas for furthering Shear Beauty's range. For any questions relating to this please forward them to Couch. This expansion aims to include Chitin, Scales, Feathers and facial hair in the range of items that can have their colour changed.

Colours

Glowing Range

Glowing Black

Glowing White

Crystalline

The crystalline line is a translucent/transparent (customer's choice) range where hair takes on a prismatic crystal like structure.
