

## Harkness Discussion Reflection

By now we have had three Harkness discussions and you have received feedback on your participation. After this discussion, rate yourself and answer the following questions.

### Part I: Rate yourself

**4 = exceeds proficiency, 3 = proficient, 2 = nearly proficient, 1 = does not meet proficiency**

1. **Soft Skills:** During the discussion, I displayed appropriate soft skills (eye contact, active listening, positive body language).

1                                      2                                      3                                      4

**What is one action you will take to improve your soft-skills next discussion:**

2. **Preparation:** I prepared for discussion by completing my prep sheet, close-reading, and engaging during class.

1                                      2                                      3                                      4

**What is one action you will take to improve your preparation next discussion:**

3. **Participation:** I was an active participant in class discussion by answering questions, adding comments, and making connections.

1                                      2                                      3                                      4

**Did you talk in this discussion:**

- a. not at all
- b. once or twice
- c. more than once or twice

**(Turn over and continue)**

If you answered A above- didn't talk at all- what did you do during the discussion that shows that you were engaged even though you were not adding your voice?

If you answered B or C above- If you did talk- what contribution did you make that you were most proud of?

If applicable- What did you do that helped show the 4 (be a leader by not only adding my own voice, but inviting others...)

What is one action you will take to improve your participation next discussion:

|                                               |                                                                                      |                                                                                                                       |                                                                                                                                                                                           |                                                                                                                                                                                        |
