

September 2022

Dear Student,

We are very excited that you are in our class this year. We're looking forward to getting to know you better and learning about your interests. You will be an important part of our team and we expect that you will have lots to contribute to our school family. Over the summer, please keep reading and know your math facts so when you come back to school you'll be ready to work and find fourth grade fun.

Please share the rest of this letter with your parents so that they, too, will know what to expect from us.

We are looking forward to working with your child in fourth grade. Our goal is that (s)he will finish this year with a greater understanding and application of academic concepts as well as a good sense of him(her)self as a student. Communication is the mainstay of your child's success. As your child's advocates, it is important that we keep in touch with each other. The best form of communication for us is through email or parentsquare.

jpryce@brewsterschools.org

pclapes@brewsterschools.org

We check e-mail/parentsquare and respond in a timely manner.

Kindest regards,

Mrs. Clapes
Ms. Pryce
