Last Name: Theodouru	First Name: Antria
Subject Area (please indicate) Art & Design Media	

2. Project Activity for which ethical approval is being sought. <i>please complete the following details:</i>
Continuation Route: Architecture
Project Title: Tangled (TBC)
Project Aims and Objectives: Theme: The concept is a two-tower building connected by a futuristic exterior ceiling design. It will be a workspace and a commercial building, the tallest tower being the offices and the smaller one will be restaurants, cafeterias, and shops. It will have glass ceilings and full-size glass walls which will provide a full view of the exterior design and natural lighting. The space between the towers will be an outdoor sitting space for people to eat, talk, etc. As long as materials and sustainability go, there will be perimeter walls with thermal bricks and 2 layers of 8-millimetre extra thick double-glazing glass for the glass walls, both to provide extra thermal insulation and also save energy. The interior will be futuristic as well with smart high technology. I will develop the image for this idea by using sketch-up and photoshop for my boards. I aim to have my outcomes completed for Week 9 in time to improve and refine my designs Research: Post: Location: Post: Demographics: Post: Material research: thermal bricks/glazing Post: Wassily Kandinsky: geometric abstraction as inspiration for the design (link to expressionism) Post: on hand made sketches/process Posts: on Sketchup realisation of project Post: Tesselated roofing - Darwin Bucky: https://www.stirworld.com/see-features-parametric-design-and-prefabrication-meet-t-o-create-a-gallery-in-a-box Post: British Museum - Great Court Roof: https://www.theguardian.com/artanddesign/2020/dec/07/how-we-made-the-british-m
