

DEBATE SHOULD NOT BE A GAME. DO NOT SAY / DO INHERENTLY PROBLEMATIC THINGS. I WILL BE SAD.

with that, hi! i'm sherry, and i've been doing pf on the national and texas circuits for far too long. my code is Dulles HL if u wanna search us up

tech = truth because truth is subjective and as long as you prove something w/ coherent warranting, you're good. i flow the round

bigotry = L20

overall, if there's a specific arg you're not sure about, ask me about it! i probably have opinions

general:

i can flow up to 300 wpm, but be clear PLSSS PLS PLS BE CLEAR and signpost properly. slow down on tags, pause between arguments, all that jazz. i'll clear you twice, but after that, it's on u if i don't catch something. i will be very sad if i end up having to flow off a doc

i flow warrants, not card names. my threshold for extensions isn't that high - just hit every link in the chain

give me voters in the last speech - write the ballot for me. it makes the round infinitely easier to adjudicate

idgaf about cross ⁷⁰⁰i will be on my phone probably

prog:

tldr warrants are important - as long as they're there, we're good

i've run stock ks (terror talks <3, cap, securitization stuff) before, and i'm comfortable evaluating both topical and non-t ks

i've also run theory. i think friv is funny but i reserve a small degree of skepticism abt friv shells. i will be sad if you read disclo

i've read SOME high theory lit (mostly baudrillard), but i'm not super familiar with it, and i've never run it before - i'm down to try and evaluate, just be super clear abt what i'd be voting on

i've somehow hit trix thrice in pf. those rounds were def not very in-depth lol, but take that as u will

i theoretically know how phil works, but i've never debated it before, so read at your own discretion

pet peeves, in order of i-will-probably-hack-against-u to mild annoyance:

1. reading pess when you're not part of that demographic (eg reading afropess as a white debater)
2. dumping straight unwarranted, unimplicated, unimpacted, one-sentence turns in rebuttal and blowing them up in back half (i'm traumatized.)
3. profanity (unless you're reading rage/killjoy), especially if it's used aggressively
4. saying "my time will start in 3...2...1." this is a debate round, not a space shuttle launch - or "my time will start on my first word." when else would it start, ur second word?? just make sure everyone is good and start bruh lol

misc:

if u finish the round within 45 minutes of starting, i'll +1 speaks

if u bring me boba (no ice, 50% sugar), i'll give u and ur partner (if applicable) and everyone else on ur team if i judge them in later rounds 30 speaks

if u email rl3.rina@gmail.com "i hate disclosure" and show me proof before round, i'll +0.2 speaks
