

**New Year's Voting Resolution:
Be A Voter Campaign
2026 Elections**

Background

As we gear up for the 2026 elections, let's start the year strong and build excitement around voting in every election - big and small! One easy way for voters to make sure they vote in every election is by requesting their ballots for the entire calendar year. Every year, millions of people set intentions for themselves at the beginning of the year by making new year's resolutions. Resolving to vote in every election can be a powerful commitment to themselves and their community. Help make sure this is on voters' radars.

Many voters have learned that voting by mail was an easy, convenient and safe way to make their voice heard during elections. Now is the time to encourage voters to request their absentee ballots for the entirety of 2026. The more voters who request ballots right off the bat, the higher voter turnout will be for the year. Let's work together to start the year off on a high note and build excitement for all of the elections in 2026 by helping voters make a commitment to voting part of their yearly New Year traditions. This will be a fun campaign to celebrate the freedom to vote and the ease of absentee voting.

January Campaign: Make it your New Year's Resolution to be a voter throughout 2026!
