« From punz:

I just told you!!!!

I faked clown and mud said he was special

And how we should work together

He said malware is easier to win through the anarchy

And plus gets a kill every four turns

Which means he knows a lot about the role

Cuz I skimmed through that

And I asked him who he thinks is "suspicious" and I also said Nella knows what I'm talking about

Because Nella was assassin s6 and uses suspicious as code for kill

And he said tnn

Is that enough?

Koko said it's from solrs. ! = knows. How does bro know murd??? 🤔

Punz fake detec? Mud fake. Nofo detec? Koko muffin?

Per night/day log SUSPICIONS

SUSPICIONS (tip: WRITE EVERYTHING IMPORTANT 🤔 !!! I'M HERE, ALL CONFUSED CUZ I FORGOT TO WRITE)

Day 1: I am majorly guessing that the nellajade community ppl are in a trio: Gwen, Mud, and Punz. Also could be: Heisenburger, gwen, and bigman trio. At least one of them is evil. Punz had admitted clown thru dropped notes. I don't know if I can trust that info, but if Punz doesn't die before night 3, it could be either he lied or he is working with evil. Well, obvi, a clown does.

« Note dropped from <@901967273827381299>, it reads: im clown btw » (Punz)

« Note dropped from <@901967273827381299>, it reads: will go after » (Punz)

Bro could be trying to tell a lead role who to use a person's ability on or who to kill, who knows 🧐

« Solrs is surv » - Heisen. Makes me think that he got a role where he knows Solrs's duo before nighttime. Only possible if:

A. ~~Twins~~

B. Assassin and Murd

Decided to plant « a heisen is evil » suspicion to see if Solrs tries to reason that he's probably good.

PROVEN TO BE WRONG TO BE TWINS THO I STILL WONDER ABT THAT.

I have a feeling that gwen is prob ambusher.

« Note from <@1447098245892542537>. It reads: perhaps he is, ngl idc i just want to annoy someone » hmmm, the normal thing to do is to ask why and what info I got. For Solrs to be disinterested in evil...

Night 1: In room 1 w francis and bigman. Bigman wondering if I'm an assassin makes me believe that he is good or neutral. Though, he could be evil so I need to watch more. Que sera sera with this game style.

Bigman got ragebaited, I think he is good but not too sure.

Day 2: Mud suspicions on the rise. Mud is neutral, still thinking malware. Bigman seems to have a major role yet he's not detec, psychic, or medic and I don't think he's a muffinman, prob dark psychic or anything evil. Okay, confirmed by himself to be a dark psychic, and also cuz we already have a spy. One way to find out would be to see if we get double kill and who dies. If I or a survivor die (in the case of a double kill)

Solrs said Gwen is evil and they know who the medic is. Gwen is probably not a cult leader due to them having to talk in notes.

Night 2:

Frog said that they did in fact check me but bigman didn't visit me... it's possible he lied abt psychic or just visited someone else (srry that I'm hung up on this, what bigman said in his journal and the fact that frog did check is making me wonder)

Bigman mentioned in his journal that gwen znd heisen are 99% evil.

Gwen is trying to gain back rep which I understand but not clear yet for me until proven to be inno

« Note from <@1067754270771912734>. It reads: He must have confirmed my role too, though don't be hasty with others . »

- nofo

Still wondering abt this. I'll have to check the main chat once morning is up.

Now it's even better »

Koko said it's from solrs. ! = knows. How does bro know murd??? 😭

Okay, they said it was the roles they know are in game.

Suspicious on punz being fake detec. Mud fake scout.

Night 3:

Solrs mentioned abt making a plan to find out murds thru telling ppl that #4 is detec...

Day 4:

They insisted that medic protects #4 yet murds targeted frog? Either murds know the plan or guessed it. Epic heal by medic btw.

Nofo said that they faked detec to confuse evil. Aletheia is prob the real detec. Punz is idk but bro either lied to protect good, lied to mess up good, or is actually detec.

Clues from #4:

Night 1 clue:

Note from <@1273009285558833213>. It reads: At least one of these three players is evil, between Hikari, Solrs, and SilverFrog

Evil might be either Hikari or Solrs. If Solrs is evil then Heisen might be the assassin.

Night 2 clue:

Note from <@1273009285558833213>. It reads: At least one of these three players is good, between SilverFrog, Vin, and Solrs.

Vin is young one, frog is good (spy)

Night 3 clue:

Note from <@1273009285558833213>. It reads: I can't tell you my role but I can tell you that either Heisenburger, you, or lake is a neutral role ♡~(ノv 0).

Lake is prob the neutral role bc when heisen found tje bot for the malware, they didn't try and get it taken out. Instead, he still played it.

Found out medic and those that pretended to be detec.

Day 4:

What makes food better is our muffinman ❤️ I got a lemon poopseed muffin.

Darth is officially SAFE cuz of cult leader.

Nofo claimed to have lied abt their role to mess with the Evil side.

Current GP is 112.5... so close, argh. We need malware out soon. They can kill or infect players. Star rewrite is useless so they're prob not gonna buy it.

Found out heisen dropped a weird note:

Note dropped from <@1277633929335017472>, it reads: hey can you send silverfrog to the realm of the unliving?

Either that was their sign and decided to just be like: I'm being framed. Or was actually framed. The kills currently has been very sus, with murd killing hikari, mud, and had tried to kill frog.

Hikari is not someone they talk to and they prob have read me glazing hikari. Mud is someone they probably are not close to. Mud could be Evil. Frog was prob to make their kills more discrete by removing the spy, making us rely on words instead of evidence.

2/3 are probabl not allied with the murd... and the hit on Frog was thought to be very convenient when Solrs discussed his plan to weed out evil...

Heisen has been constantly asking me who to vote for and as if my words are 100% accurate which is weird... It's like he wants me to convince others not to vote for him 🤔. I suck at this game 😐.

Sent me ig reels... Yup, most def tryikg to get me to defend him.

Even tho aletheia is good, it's best to kill her off cuz she's spreading info to evil...

Spy visited heisen tho sol told them to visit Koko... yeah, idek anymore.

Night 4:

Nothing much happened. Terra still joined a room even when they don't talk

Day 5:

Pepper and aletheia died 🤔. Malware still here. Updated clues:

Night 1 clue:

Note from <@1273009285558833213>. It reads: At least one of these three players is evil, between Hikari, Solrs, and SilverFrog

Night 2 clue:

Note from <@1273009285558833213>. It reads: At least one of these three players is good, between SilverFrog, Vin, and Solrs.

Night 3 clue:

Note from <@1273009285558833213>. It reads: I can't tell you my role but I can tell you that either Heisenburger, you, or lake is a neutral role ✧ ~ (͡ v 0).

Night 4 clue:

Hai! It's your favorite detective o(͡ ▽ ͡) ° The clue from yesterday night was added to the list of clues!! If you don't want to scroll up here it is:

****Atleast**** one of these 3 is Evil: Solrs / Koko / Lake

Malware GP: 187.5

I still think Lake is malware and heisen is assassin.

I WON'T DO THIS ANYMORE 😭 too much work
