

Hi all,

Happy Monday!

Here is your discussion topic assignment and other relevant information for Week 4 of the Fall semester 2021-2022 Virtual REU.

1. This week's discussion topic is Reference Managers. In preparation for meeting with your advisor, review this website on [Citation Management at Purdue: Citation Management Basics](#). Student participants should inquire on the use of citation management procedures within their advisor's lab and research. **Individual student responses should be posted [here](#) by Sunday, Sep 19, 11:59pm ET.**

- What citation management policies (or recommendations) are associated with your advisor's lab?
- Do these citation management policies (or recommendations) apply to you (as a virtual student researcher)?
- What else does your advisor want you to know about citation management?
