

Dear Biotechnology High School community,

Biotechnology High School's Parent Student Faculty Association (BTHS PSFA) Annual Giving Campaign officially kicks off on Giving Tuesday, November 28 2023. Giving Tuesday is a global movement that empowers donors, volunteers and nonprofits to make more impact in their communities. BTHS PSFA is excited to be participating again this year and we are providing you with the opportunity to donate early!

Making a direct donation to the BTHS PSFA is the MOST effective way for you to positively impact our school community. Our goal is to raise a minimum of \$10,000 that will be used to support and enhance school programs designed to heighten learning opportunities.

The PSFA funds many critical enrichments at BTHS that we have all come to rely on including research and lab materials, field trips, advisor stipends that allow us to expand club offerings at BTHS, and teacher grants, to name a few. In September and October alone we have received grant applications totaling over \$12,000 and anticipate many more to come!

EVERY SINGLE DONATION COUNTS. BTHS PSFA is a 501(c)3 organization and your donation is tax deductible to the extent allowed by law. Please inquire with your employer to see if they may add a matching gift to your donation.

Please select the payment method that works for you and kindly note "Annual Donation" with your student's name and graduation year:

1. Pay via credit card on our online store (<https://www.bths-psfa.org/online-store> and click "Donation");
2. Pay via check payable to BTHS PSFA and mail to BTHS PSFA, 5000 Kozloski Rd, Freehold NJ 07728 or have student drop off at main office;
3. Pay via Venmo @BTHS-PSFA.

Thank you in advance for your contribution. Only with your help can we continue to provide the highest level of support our students need and deserve.

Sincerely,

BTHS PSFA Executive Board
