Picnic is one thing that we always look forward to . This time, it was announced that we would go on a school picnic to the local city garden. We were all very excited.

On the day of the picnic I woke up early. My mother packed a lot of food items for me and my friends. We reached school in time to board the bus. Our English teacher and sports teacher were accompanying us. The bus started at 8 a.m. We enjoyed the journey and had great fun singing songs. Finally, we reached the garden. It was very peaceful there. The weather was also very pleasant. We got busy on swings and started running and playing. We were all in high spirits. In the afternoon, we had lunch. We shared our food with each other. After lunch, our teachers made us play many games. It was fun .We laughed and enjoyed ourselves. Soon it was evening and time to go back. We boarded the bus again and reached home by 7. It was a memorable trip and I'm going to cherish it forever.

Dear Simran

Nature around us is surrounded by various birds and animals. They are found in different colours, sizes and food habits. They add beauty as well as grace to our earth. We can not live longer without them.

Alas! Some human beings love poaching. They hunt them to get their skin, scent or teeth for the sake of money. Killing of these animals is a punishable offence. It must be stopped. Otherwise our planet would become a poor and pitiable place to live in.

Rest in the next letter.

Yours affectionately
Jagjot
