| 3:30 - 3:45<br>Introductions and Opening                                                                                                                                                                                                                                                | The meeting was called to order at 3:35 pm. The purpose of the committee was reviewed                                                                                                                                                                 |
| 3:45 - 4:15<br>Goal 1 Review                                                                                                                                                                                                                                                            | Goal 1 of the Safety Plan was reviewed with the team, including progress on the goals. Feedback on specific items was solicited and a list of possible changes to this goal for 2024-2025 was generated by the group. This is included in the slides. |
| 4:15 - 4:45<br>Goal 2 Review <ul style="list-style-type: none"><li>• Gender Support Plans</li><li>• Second Step</li><li>• Counseling and Wellness Centers</li><li>• Suicide Prevention Training</li><li>• Parent Education for Social Media</li><li>• Mental Health Resources</li></ul> | Goal 2 progress was reviewed on all items and shared with the committee. Some discussion was generated on cell phones and technology in schools. Increases in SEL survey reporting and wellness center expansion was celebrated as a success.         |
| 4:45 - 5:00<br>Safety Plan Review                                                                                                                                                                                                                                                       | The Safety Plan was reviewed, including a specific discussion on Ingress and Egress, a priority area considered by the safety committee this year. Members provided feedback for this part of the                                                     |

|  |                                                                                          |
