

## WHAT DO YOU WANT A HATFUL OF?

*In the play Hatful of Dragons, the characters all go shopping at a special store called the "Hat Store". This store has millions of hats, full of anything from dragon eggs, to diamonds. If you could have a hat full of anything in the world, from dragon eggs to diamonds, stories to pizza, cookies to bicycles, what would you want in your hat?*

*Directions: Draw anything that you want in your hat, and be ready to share WHY you want a hatful of that item.*
