### Assessment Guide

1. Assessment is carried out to measure all learning outcomes, namely learning achievement attitudes (CLO 1, CLO 2), general skills (CLO 2, CLO 3, CLO 4), knowledge (CLO 2, CLO 3, CLO 4), and special skills (CLO 5)
2. Attitude assessment is carried out at each meeting using observation and/or self-assessment techniques using the assumption that basically every student has a good attitude. The student is given a very good or bad attitude if it shows a very good or bad attitude compared to the attitude of students in general. The results of the attitude assessment do not become a component of the student's final grade, but as one of the graduation requirements. Students will graduate from this course if at least they have a good attitude
3. The final score includes the results of the assessment of knowledge, general skills, and special skills obtained from individual assignments, group assignments, presentations, quizzes, Mid-Term Exams, and Final Exams with the following guidelines.
