Early Childhood Advisory Committee (ECAC)

The Early Childhood Advisory Committee (ECAC) is responsible for reviewing the implementation of preschool and seeks to strengthen relationships with families, schools, local businesses, colleges/universities, and health agencies. The ECAC participates in community assessment of specific community needs, resources, and facilities as they pertain to the implementation of high-quality preschool services. The Early Childhood Advisory Council supports transition into the preschool program, as well as the transition of preschool students into kindergarten. We seek equal parental participation from each PreK location on the district's ECAC. Participation in this committee, or its subcommittees, is completely voluntary, yet essential to support the growth of all our preschoolers in the district.

**If you are interested in attending an ECAC Meeting, please RSVP using the [LINK](#) provided.
ECAC meetings are held virtually.**
